**FIRST QUARTERLY RESULTS ANNOUNCEMENT
FOR THE THREE MONTHS ENDED 30 JUNE 2017**

**CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE
STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)**

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

*This announcement, for which the directors (the “**Directors**”) of Echo International Holdings Group Limited (the “**Company**”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “**GEM Listing Rules**”) for the purpose of giving information with regard to the Company. MANAGEMENT DISCUSSION AND ANALYSIS

Business Review and Prospects

Revenue for the three months ended 30 June 2017 (“**Three-Month Period**”) was approximately HK\$8.25 million, representing a decrease of approximately 26.19% when compared with the corresponding period in 2016. Loss attributable to owners of the Company for the Three-Month Period was approximately HK\$2.07 million whilst for the corresponding period in 2016, the loss attributable to owners of the Company was approximately HK\$2.62 million.

Given the slow pace of economic recovery along with the continued slackness in the U.S. and European markets, the sales of electronic products have become increasingly challenging. Notwithstanding the challenging market conditions during the Three-Month Period, the Group continues to provide electronics products and subcontracting services on PCB assemblies and manufacturing of electronic products to customers in its principal markets, i.e. the U.S.A. and the European countries including Belgium, Bulgaria, Denmark, Finland, Germany, Italy, Russia, Slovakia, Sweden, Switzerland and United Kingdom.

In view of the challenging market conditions as mentioned above, while the Group will continue to focus on its core business of the sales of electronic products, it will explore new business opportunities with an aim of broadening its source of income and maximizing profit and return for the Group and the shareholders of the Company in the long run. The Group will also endeavour to increase its market share and attract new customers to enlarge its client base through conducting more promotional and marketing activities and designing and developing new electronic products.

Sales of Electronic Products

Revenue from this segment during the Three-Month Period was approximately HK\$8.06 million, representing a decrease of approximately 27.04% when compared with the corresponding period in 2016. Decrease in sales of electronics products was mainly due to the decrease in the revenue from indent trading of electronic products and manufacturing and trading of electronic products and accessories by approximately HK\$0.48 million and HK\$2.45 million respectively as compared with the corresponding period in 2016. The decrease in the revenue from indent trading of electronic products is mainly attributable to the decreasing purchase orders from the Group’s customers. Such decrease was mainly due to the decrease in sales of fire alarm and fishing indicator for the Three-Month Period by approximately HK\$1.22 million and HK\$0.64 million respectively as compared with the corresponding period in 2016. Decrease in the sales of fire alarm and fishing indicator was a result of decrease in volume sold, which mainly led to the decrease in the revenue from manufacturing and trading of electronic products and accessories for the Three-Month Period.

Subcontracting income

Revenue from this segment during the Three-Month Period was approximately HK\$0.19 million, representing an increase of approximately 50.41% when compared with the corresponding period in 2016. The said increase was mainly due to the increase in orders from providing subcontracting services in the PRC.

Financial review

The Group's revenue for the Three-Month Period was approximately HK\$8.25 million, representing a decrease of approximately 26.19% from approximately HK\$11.17 million of the corresponding period in 2016. Such decrease was mainly due to the decrease in sales of electronic products by approximately HK\$2.99 million.

The overall gross profit margin of the Group increased from approximately 30.48% for the three months ended 30 June 2016 to 39.86% for the three months ended 30 June 2017. The increase in the Group's gross profit margin for the three months ended 30 June 2017 was primarily due to the increase of sales in the higher margin products, namely buzzer.

Administrative and other expenses for the three months ended 30 June 2017 were approximately HK\$4.94 million (approximately HK\$5.56 million for the three months ended 30 June 2016), representing an decrease of approximately 11.11%. Such decrease was mainly due to the decrease in the professional fee by approximately HK\$0.86 million.

Loss attributable to the owners of the Company for the three months ended 30 June 2017 amounted to approximately HK\$2.07 million (approximately HK\$2.62 million for the three months ended 30 June 2016). Loss per share attributable to owners of the Company was approximately HK0.26 cents for the three months ended 30 June 2017 (approximately HK0.33 cents for the three months ended 30 June 2016).
